A close-up photograph of a gourmet dessert served on a rustic, dark-colored rösti pan. The dessert features a base of yellow cream or custard, topped with fresh raspberries, red cherries, and small pieces of chocolate. A wooden stick is placed diagonally across the top left of the dessert. The entire dish is garnished with a dusting of white powdered sugar and green edible flowers or herbs. The background is a dark, textured surface.

## Outstanding culinary delights

In the kitchen - the beating heart of our hotel - the landlord himself dreams up gourmet creations, using the freshest regional produce. Our restaurant is renowned far beyond the borders of Liechtenstein for delicious local specialties, tempting international classics and healthy, seasonal dishes.

At the Hotel Turna, cooking is very much a matter of the heart - and the passion we put into our food makes for fantastic flavours, from original salad variations and home-made soups to hearty dishes prepared in Grandma's rösti pan, and of course mouth-watering desserts!

Fine wines and a beautiful setting make your dining experience complete. Our guests are truly spoilt for choice - and we like it that way!
